

Prenatal and Postpartum Care (PPC) Postpartum Care

Measure Description

The percentage of deliveries of live birth on or between October 8th of the year prior to the measurement year and October 7th of the measurement year that had a postpartum visit with an OB/GYN practitioner or other prenatal care practitioner, or PCP on or between 7 and 84 days after delivery. Any of the following meet criteria:

- A postpartum visit.
- An encounter for postpartum care.
- Cervical cytology.
- A bundled service where the organization can identify the date when postpartum care was rendered.

Documentation in the medical record must include a note with the date when the postpartum visit occurred AND one of the following:

- Pelvic exam.
- Evaluation of weight, BP, breasts, and abdomen.
- Notation of postpartum care, including, but not limited to: “Postpartum Care”, “PP check”, “PP care”, “6-week check”, or a preprinted “Postpartum Care” form in which information was documented during the visit.
- Perineal or cesarean incision/wound check.
- Screening for depression, anxiety, tobacco use, substance use disorder or preexisting mental health disorders.
- Glucose screening for women with gestational diabetes.
- Documentation of any of the following topics: infant care or breastfeeding, resumption of intercourse, birth spacing or family planning, sleep/fatigue, resumption of physical activity or attainment of healthy weight.

Product Lines: Commercial, Medicaid, Exchange

Event Diagnosis: Delivered a live birth on or between October 8th of the year prior to the measurement year (MY) to October 7th of the measurement year.

Codes Included in the Current HEDIS® Measure

Description	Code
Postpartum Care	CPT: 57170, 58300, 59430, 99501 CPT II: 0503F HCPCS: G0101 <i>Note: Do not include codes with a CPT CAT II Modifier (1P-3P, 8P)</i>
Encounter for Postpartum Care	ICD-10: Z01.411, Z01.419, Z01.42, Z30.430, Z39.1, Z39.2 <i>Note: Do not include laboratory claims (claims with POS code 81).</i>

Cervical Cytology	CPT: 88141-88143, 88147, 88148, 88150, 88152, 88153, 88164-88167, 88174, 88175 HCPCS: G0123, G0124, G0141, G0143-G0145, G0147, G0148, P3000, P3001, Q0091
Postpartum Bundled Services	CPT: 59400, 59410, 59510, 59515, 59610, 59614, 59618, 59622 <i>Note: Because bundled service codes are used on the date of delivery and not on the date of the postpartum visit, these codes may be used only if the claim form indicates when postpartum care was rendered; claim form must include postpartum visit Date of Service (DOS).</i>

Ways Providers can Improve HEDIS® Performance

- Schedule your member for a postpartum visit within 7 to 84 days from delivery.
- A telehealth appointment with a postpartum visit or cervical cytology code within 7 to 84 days from delivery meets compliance for this measure.
- Use the postpartum calendar tool from Molina Healthcare to ensure the visit is within the correct time frames.

Ways Health Plans can Improve HEDIS® Performance

- Support members to schedule postpartum care visits within 7 to 84 days from delivery.
- Utilize maternity telehealth provider to ensure timely postpartum visits.
- Provide culturally and linguistically appropriate education to members on the importance of prenatal and postpartum care for them and their baby.
- Offer member incentive for attending post-partum visit.
- Audit, identify, and educate providers who are not conducting timely postpartum visits.
- Follow members closely who have or had a substance abuse or mental health diagnosis and initiate appropriate referrals. Refer to high-risk pregnancy team.

Required Exclusions

- Members who use hospice services or elect to use a hospice benefit any time during the measurement year.
- Members who die any time during the measurement year.

NCQA holds a copyright in these materials and may rescind or alter these materials at any time. Users of the HEDIS measures and specifications shall not have the right to alter, enhance or otherwise modify the HEDIS measures and specifications, and shall not disassemble, recompile or reverse engineer the HEDIS measures and specifications. Anyone desiring to use or reproduce the materials, subject to licensed user restrictions, without modification for an internal non-commercial purpose may do so without obtaining any approval from NCQA. Use of the Rules for Allowable Adjustments of HEDIS to make permitted adjustments of the materials does not constitute a modification. All other uses, including a commercial use (including but not limited to vendors using the measures and specifications with a product or service to calculate measure results), or any external reproduction, distribution and publication of the HEDIS measures or results ("rates") therefrom must be approved by NCQA and are subject to a license at the discretion of NCQA. Any use of the materials to identify records or calculate measure results, for example, requires a custom license and may necessitate certification pursuant to NCQA's Measure Certification Program.

HEDIS measures and specifications are not clinical guidelines, do not establish a standard of medical care and have not been tested for all potential applications. The measures and specifications are provided "as is" without warranty of any kind. NCQA makes no representations, warranties or endorsements about the quality of any product, test or protocol identified as numerator compliant or otherwise identified as meeting the requirements of a HEDIS measure or specification. NCQA also makes no representations, warranties or endorsements about the quality of any organization or clinician who uses or reports performance measures. NCQA has no liability to anyone who relies on HEDIS measures and specifications or data reflective of performance under such measures and specifications.

Limited proprietary coding is contained in the measure specifications for convenience. Users of the proprietary code sets should obtain all necessary licenses from the owners of these code sets. NCQA disclaims all liability for use or accuracy of any coding contained in the specifications.

CPT® codes, descriptions and other data are copyright 2024 American Medical Association (AMA). All rights reserved. CPT is a trademark of the AMA. Fee schedules, relative value units, conversion factors and/or related components are not assigned by the AMA, are not part of CPT, and the AMA is not recommending their use. The AMA does not directly or indirectly practice medicine or dispense medical services. The AMA assumes no liability for the data contained herein. Applicable FARS/DFARS restrictions apply to government use.

Health Care Provider Taxonomy Code Set codes copyright 2024 AMA. The codes are published in cooperation with the National Uniform Claim Committee (NUCC) by the AMA. Applicable FARS/DFARS restrictions apply.

The American Hospital Association holds a copyright to the Uniform Billing Codes ("UB") contained in the measure specifications. The UB Codes in the HEDIS specifications are included with the permission of the AHA. All uses of the UB Codes may require a license from the AHA. Specifically, anyone desiring to use the UB Codes in a commercial product to generate HEDIS results, or for any other commercial use, must obtain a commercial use license directly from the AHA. To inquire about licensing, contact ub04@aha.org.

The American Dental Association (ADA) holds a copyright to the Current Dental Terminology (CDT) codes contained in certain measure specifications. The CDT codes in the HEDIS specifications are included with the permission of the ADA. All uses of the CDT codes require a license from the ADA. No alteration, amendments, or modifications of the CDT or any portion thereof is allowed. Resale, transmission, or distribution of copies of the CDT or other portions of the CDT is also not allowed. To inquire about licensing, contact CDT-SNODENT@ada.org.

Some measure specifications contain coding from LOINC® (<https://loinc.org/>). The LOINC table, LOINC codes, LOINC panels and form file, LOINC linguistic variants file, LOINC/RSNA Radiology Playbook, and LOINC/IEEE Medical Device Code Mapping Table are copyright © 1995–2024 Regenstrief Institute, Inc. and the Logical Observation Identifiers Names and Codes (LOINC) Committee and are available at no cost under the license at <https://loinc.org/kb/license/>.
